Welcome home to this one of a kind masterpiece tucked away on a quiet cul-de-sac with beautiful curb appeal and a circular drive. This light-filled architectural gem offers a rare blend of privacy, elegance, and indoor-outdoor harmony. Enjoy panoramic views from nearly every room in the home. A dramatic entry experience unveils a 100-foot sightline, sliding glass wall that overlooks the expansive, private yard and an oversized, partially covered patio—ideal for seamless entertaining. The living room stuns with a vaulted ceiling and fireplace, while the dining room dazzles beneath a bespoke coffered ceiling and a show-stopping 10-foot crystal chandelier. The sunlit family room is wrapped in windows on all three sides, and the chef's kitchen is a true showpiece: quartz countertops, three sinks, two dishwashers, recessed outlets, appliance garages, a wet bar with seating, and a massive island that seats over ten people. The vaulted first-floor primary suite includes two dressing rooms and a serene private Zen courtyard. A rare additional first-floor suite offers flexibility as a guest suite, office, in-law space, or nursery. Upstairs, bright and spacious secondary suites each feature vaulted loft ceilings, stylish baths, and access to a 700-square-foot rooftop deck. Additional highlights include a whole-house fresh air recovery ventilation system—ensuring both comfort and sustainability, a newly epoxied basement and constant hot water throughout the home. A truly unique opportunity to own a one-of-a kind contemporary home with soaring architecture, open-concept luxury, and serene surroundings—right in the heart of town. B.A.T.V.A.I, I.D.R.B.N.G.
